

Release 2: 23 CV 3706

Dec. 6, 2023

Could you pass this on to the Magistrate as soon as possible.

2023 DEC -6 PM 1:02

I said that I did not want to reveal things about my poverty in writing because I believe it's all public knowledge. But I will be in town, Columbus, today so if the Magistrate wishes to see me, then call me and I'll come in.

Due to the fact my phone is out of order and it costs 100.00 to get a new phone. It can't be fixed. I can receive in-coming phone calls but I cannot speak to the person. So the Magistrate can leave a message, or talk to me verbally, but I can't speak back. So I can get the message.

On Dec. 22, 2023. I can buy a new phone for 35.00.

There are thousands of magistrates more or less but only one President. Abraham Lincoln was the best President and the model of how to act. Any person no matter how poor could wait in line and talk to him face to face.

So at least give the Magistrate the opportunity to make a decision today if she wants to talk face to face.

Here is an example. I could tell you about  
the burn furnace verbally but not publicly, our furnace  
was on the -- burn --

In good weather it doesn't matter, But when cold weather comes  
then it does matter. We can't afford a new furnace, The  
inspection alone would be --

-- \$100,000 --  
Then there are parts and labor. A repair man said they do not  
fix old furnaces, they have no parts. He said with a smile on his  
face, My want you to buy a new furnace.

Now we couldn't tell you about this, for we do not  
want the city to access that information and force us to  
get a new furnace. The lord took care of it for a neighbor  
fixed it for us for free. He is excellent with his hands.

So since it is fixed the city cannot cite us for this.  
But there are other things we can cite verbally which  
we could tell you about. That's one reason from the start,  
we requested a -- face to face meeting --

with you.

I thought I had put more in the form. On looking at what  
the form says, I don't see it.
